

H-300

PRO SERIES MANUAL HARDWOOD FLOORING NAILER

The Primatech H-300 Pro Series is a single-blow manual hardwood flooring nailer designed with the installer in mind. L or T nail configuration is available. It offers low cost alternative to pneumatic nailers but yet retains the sturdiness required by professionals. Its ergonomic lightweight design and large composite base improve productivity and reduce fatigue. Aluminum construction allows for durability. Primatech's patented and exclusive "L" nail feeder system ensures jam-free operation.

Features

- L or T nail configuration
- mounted for standard 3/4" (19 mm) solid flooring
- lightweight for improved maneuverability
- large composite base to increase stability and minimize damage to pre-finished floors
- quick loading magazine with spring loaded nail pusher
- ergonomic, comfort grip handle
- quick and easy access for maintenance
- jam-free operation (L nail)
- 3.5 lbs (1.6 kg) non marring mallet included

Applications

- 3/4" (19 mm) standard solid hardwood flooring
- 1/2" to 33/32" (13 to 26 mm) applications require optional adapter plate.

Tool Specifications

WEIGHT: 7.6 lbs (3.5 kg)
 HEIGHT: 17 3/4" (451 mm)
 LENGTH: 14 3/8" (365 mm)
 CAPACITY: 110 nails

Fasteners Specifications

L CLEATS, 16 gage
 1 1/2", 1 3/4", 2" (38, 45, 50 mm)
T CLEATS, 16 gage
 1 1/2", 2" (38, 50 mm)

Stainless steel cleats also available

Cleat nails minimize wood splitting and still allow for expansion and contraction of flooring material.

Options

- L or T nail conversion kit
- adapter plate for various profiles of solid flooring
- tool kit, carrying case
- "Trak-Edge" nailer shoe, specifically designed to install square & micro-bevel factory finished products without damaging top edge
